Volume 63
1995 AANA Journal Index

The following is an index of the major topics addressed in the *AANA Journal* during 1995. The index is alphabetized according to headings, and entries appear in chronological order within headings. Author and subject indexes are integrated.

A

The AANA Archives: Documenting a distinguished past: see Imagining in Time, 88 (correction, 188)

AANA ERF Poster Session abstracts presented at the 1995 Annual Meeting in Minneapolis, Minnesota

1. Discovering the adolescent's general anesthesia experience (Jay J. Beebe), 405
2. The efficacy of ketorolac in preventing postintubation sore throat in patients with a history of smoking (Daniel A. Benz, Jeffrey A. Katz, Lynne O'Brien, Wanda O. Wilson), 406
3. Pulmonary aspiration in pediatric patients during general anesthesia (Pamela A. Carrillo, Judith L. Lupin, L.M. Borland, S.K. Woelfel, E.W. Saitz, E.K. Motoyama), 407
4. Transesophageal atrial pacing versus atropine for the treatment of intraoperative bradycardia during lithotripsy (Gary D. Clark, Terri G, Monk, Y. Ding), 407
5. Reversed versus nonreversed mivacurium: Incidence of residual postoperative muscle weakness (Jeff Coleman, Michael J. Patregnani), 408
6. A descriptive study of nurse anesthetists' attitudes toward independent practice related to demographic, practice, and educational characteristics (Melanie Dillard), 408
7. Ondansetron versus droperidol: A study of efficacy in the prevention of postoperative nausea and vomiting (Trey E. Early, John G. Charbonneau, Geselle M. McKnight, Patrick M. Jenkins), 409
8. The national distribution of Certified Registered Nurse Anesthetists across the rural-urban continuum (Michael D. Fallacaro, Thomas E. Obst, Manqing Chu), 410
9. Propofol for induction of anesthesia: Comparison of fentanyl and alfentanil on cardiovascular response to laryngoscopy and tracheal intubation (Kathleen M. Feeley, Antonio De La Rosa, Dan Hester, Christoph Stouder), 410
10. Clinical evaluation of the efficacy of fentanyl oralet as an anesthetic premedication in children when dosed to an opioid effect versus total opioid consumption (Janet Goral, Rhonda B. Perno, Brian Ginsberg, Judy Margolis), 411
11. An exploratory study of nurse anesthetists' perceptions of collaboration within the anesthesia care team (H. Beth Grandgenett), 412
12. Evaluating the cost of vecuronium. atracurium, and pancuronium (Carrie E. Hajjar, Ken Betley, Andrea Risk, Kirk Sledzinski), 413
13. The safety and efficacy of granisetron in pediatric surgeries with high incidence of postoperative vomiting (Jenni H. Hartsuff, Keumae Dato, Donna J. Carnahan), 413
14. The effect of flumazenil on postoperative recovery in ambulatory surgical patients (Jennifer A. Hourigan, Karen Zaglaniczny, John Nagelhout), 414
15. Prevalence of latex sensitivity in an ambulatory surgery population (Mary K. Jennett, Susan Vander Laan, Karen Zaglaniczny, John R. Oesterle, Miriam Lebenbom-Mansour, Mary Ann Jarrett), 415
16. Bacterial contamination study of anesthesia circuits (Denise M. Johnson, Margaret M. Moen), 416
17. Music therapy: An adjunct for reducing sedation and cortisol levels in the patient undergoing lower limb arthroscopy under spinal anesthesia (a pilot study) (Kimberly A. Knee, Janet E. Yskes), 416
18. End-tidal nitrogen measured in patients of different body weights (Laura M. Lee), 416
19. Anesthesia providers' adherence to universal precautions and standards of practice at the induction of general anesthesia (Cynthia A. Lynn, Mary Emmert, Sheri Campbell-Harris, Carol Jessmon), 417
20. A retrospective comparison between postoperative gastrointestinal patients who receive either intramuscular injections, PCA pumps, or continuous epidural analgesia and the incidence of paralytic ileus (Karen L. McCarthy), 418
21. The effect of rocuronium on intraocular pressure (Victoria McGeachie, Pamela Norko, Roy Alisoglu, Mary Lou Jones, Surya Thota), 419
22. Influence of Whitacre spinal needle orifice direction on level of sensory blockade (Franklin McShane, Nelson Burgos, Michael Kapp, Christine Wieczorek), 420
23. Manpower survey of anesthesia providers in the state of Michigan (Lu Ann Minore, Richard A. Van Tuyl, Karen Zaglaniczny, Andrea Risk, Jeffrey Sinkovich, H.M. March, David Fugate), 420
24. The effect of obesity on end-tidal carbon dioxide tension during carbon dioxide insufflation for laparoscopy (Deborah A. Mulawa), 421
25. An effective intraoperative anesthetic technique for knee arthroscopy: Local anesthetic with intravenous sedation (Eugene J. Murdock Jr., Jewell B. Duncan), 422
26. Acetylcholine receptor up-regulation in the severely thermal injured patient (John Nagelhout, M. Walczyk, S. Perov, C. Beauchamp, K. Bubenko, M. McMillan), 422
27. Factors affecting early extubation following elective cardiac surgery (Jill Nesley, Todd Nesley), 423

28. A comparison study evaluating the accuracy of three separate hemoglobin and hematocrit measurements (O. Ong, P. Bowers, P. Quinn, Karen Zaglaniczny), 423
29. A comparison between two methods of insulation for patients having abdominal surgery requiring general anesthesia (John F. Pare, Jeffrey Roos, Kathleen Waters), 424
30. Onset and duration of action and tracheal intubating conditions in the burn patient: A comparison of rocuronium versus vecuronium (Margaret M. Radermacher, Cindee Westmoreland), 425
31. A comparison of oxygen saturation measurements obtained from the digit versus the ear (Shannon Hallowell Schemmer), 425
32. A comparison of initial success rates for novice student registered nurse anesthetists in performing oral endotracheal intubation on uncomplicated adult airways with the Miller blade versus the Macintosh blade (Deborah J. Selber, Michael R. Fitzgibbon, Barry A, Vance), 426
33. Topical anesthesia with eutectic mixture of local anesthetics for control of pain during extracorporeal shock wave lithotripsy (Vicki Struebing, Laura Schneider), 426
34. Complications of obstetric lumbar epidural anesthesia performed by Certified Registered Nurse Anesthetists (Kathryn A. Swendner, Christine Zambricki, Frances Jackson), 427
35. Substance abuse in nurse anesthesia—A 30-year retrospective study (Molly K. Whiston), 427
36. Spinal anesthesia for lumbar spine surgery: The Pennsylvania Hospital experience (Arthur Zwerling, Dianne Smith, M. Rocco, R. Kumor, J. Cwik), 428

AANA Journal Course No. 14 Examination Information—Update for nurse anesthetists, 144

AANA Journal Course No. 14 Examination—Update for nurse anesthetists, Answers, 301

AANA Journal Course No. 14 Examination—Update for nurse anesthetists (answer form), 145

AANA Journal Course No. 14 Examination—Update for nurse anesthetists (examination questions), 149

AANA Journal Course No. 14—1995 Evaluation Form, 146

AANA Journal Course:
Update for nurse anesthetists: Part VI—Anesthesia simulation: A tool for learning and research, 61; Part I—Perioperative therapeutic aerosol administration, 165; Part II—Anesthetic considerations for the burn patient, 257; Part III—Medical gases, hospital pipelines, and medical gas cylinders: How safe are they? 307; Part IV—Pulmonary aspiration revisited: Changing attitudes toward preoperative fasting, 389; Part V—Teaching fiberoptic endoscopy and intubation, 509

Abuse, child:
General anesthetic considerations for the infant with shaken impact syndrome and pyloromyotomy: A case report, 450

Abuse, substances:
Anesthetic management of the cocaine abuse patient, 438

Abusive behavior:
The disruptive physician, 377

Accreditation:
Quality assurance in international education, 17

Conscious sedation policy development and review, 196

Addiction: see Management Briefs, 485

Admission criteria:
Nurse anesthesia admission qualifications, 244

Aerosol: see *AANA Journal* Course—Part I, 165

Airway, difficult:
Hybrid intubation technique for the management of a difficult airway: A case report, 50

Laryngeal mask airway: An alternative for the difficult airway, 444

Airway, laryngeal mask:
Laryngeal mask airway: An alternative for the difficult airway, 444

Aker, John: see Book Reviews, 186

American Association of Nurse Anesthetists:
The AANA Archives: Documenting a distinguished past, 88 (correction, 188)

A perfect brick: AANA founding member Verna Rice, 288

Nurse anesthetists remembering a world at war—Part I: Nurse anesthetists prepare for war, 1939-1941, 385

Nurse anesthetists remembering a world at war—Part II: My assignment as a Red Cross Nurse: see Imagining in Time, 501

American Red Cross nurse: see Imagining in Time, 501

Amicar®:
The intraoperative use of Amicar® to reduce bleeding associated with open heart surgery, 325

Anesthesia agents and gases:
Postoperative nausea and vomiting: A comparison of propofol infusion versus isoflurane inhalational technique for laparoscopic patients, 37

Tympanic membrane rupture following general anesthesia with nitrous oxide: A case report, 42

Anesthesia care team:
Perceptions by an anesthesia care team on the need for medical direction, 117

Anesthesia for scoliosis: Dwarfism and congenitally absent odontoid process, 332

Anesthesia simulation: A tool for learning and research: see *AANA Journal* Course—Part VI, 61

Anesthetic considerations for the burn patient: see *AANA Journal* Course—Part II, 257

Anesthetic implications of implanted pacemakers: A case study, 209

Anesthetic management of the cocaine abuse patient, 438

Antifibrinolytic agent:
The intraoperative use of Amicar® to reduce bleeding associated with open heart surgery, 325

Antitrust enforcement policy relating to healthcare: see Legal Briefs, 13

Aprile, Ann E.; Palmer, Timothy J.: The intraoperative use of Amicar® to reduce bleeding associated with open heart surgery, 325

Archives:
The AANA Archives: Documenting a distinguished past, 88 (correction, 188)

Arturi, Mark A; Eckert III, Ted: Subcutaneous emphysema and potential airway compromise in laparoscopic-assisted procedures: A case report, 498

Aspiration, pulmonary:
see *AANA Journal* Course—Part IV, 389

Austin, Paul N.: see Haritos, George

B

Ball, William: Paroxysmal supraventricular tachycardia of unusual etiology: A case report, 136

Baller, Mark R.; Kirsner, Kenneth M.: Anesthetic implications of implanted pacemakers: A case study, 209

Bensky, Kasey Pelton: see Walker, Terri

Bhakta, Kumbla P.: see Reigle, Martie M.

Blankenship, Denise: see Book Reviews, 4

Blood leak:
Fluid warmer leakage into the bloodstream: A case report, 525

Blumenreich, Gene A.: see Legal Briefs, 85, 277, 477

Book Reviews:
Cardiac Anesthesia: Principles and Clinical Practice, 4
Nunn's Applied Respiratory Physiology, 6
Clinical Anesthesiology, 80
Clinical Teaching in Nursing Education, 82
Clinical Cardiac Electrophysiology: Perioperative Considerations, 180
Neuromuscular Blockade in Perioperative and Intensive Care, 186
Critical Care Medicine: Principles of Diagnosis and Management, 272
Cardiopulmonary Bypass: Principles and Practice, 372
Ambulatory Anesthesiology: A Problem-Oriented Approach, 516

Research: see *AANA Journal* Course—Part VI, 61

Research in Action abstracts presented at the 1995 Annual Meeting in Minneapolis, Minnesota:

1. The Reading Ease and Comprehensibility of Articles Published in an Advanced Practice Nursing Journal (John G. Aker, Chuck Biddle), 338
2. The Risk of Blood Transmission From an Intravenous Administration Set In-Line Stopcock (Dana L. Price-Cornelison), 339
3. The Intraoperative Use of Amicar to Reduce Bleeding Associated With Open Heart Surgery (Ann E. Aprile), 340
4. Cocaine-Abusing Parturients Do Not Require More Epidural Pain Medication for Labor and Delivery (Charles H. Moore, Vernon H. Ross), 340
5. Students' Attitudes Toward Faculty Positions as Career Choices (Nancy R. Finnegan, Lorraine R. Christ, James P. Embrey), 341
6. Phentolamine as a Diagnostic Tool in Sympathetically Maintained Pain (Frances A. Wiedenhoeft, Shep Cohen), 342
7. Monitoring Neuromuscular Blockade at the Adductor Pollicis and Orbicularis Oculi with Split-Dosing Mivacurium Chloride (Stephen F. Palmerton, Julie A. Neville, Charles H. Moore, Lynwood R. Stallings, James P. Embrey), 342
8. Cost-Effective Anesthesia: Desflurane Versus Propofol in Outpatient Surgery (Eileen M.C. Kurpiers, John D. Scharine, Sandra L. Lovell), 343
9. The Effect of Rocuronium on Intraocular Pressure (Pamela D. Norko, Victoria L. McGeachie, Roy Alisoglu, Mary Lou Jones, Surya Thota), 344

10. Comparison of Atracurium and NIMBEX (Cisatracurium Besylate) in a Standardized Propofol Anesthetic Induction-Intubation Sequence in Surgical Patients (Elizabeth Visco, Eleanor D. LeRoux, Robert G. Stout), 345
11. Cricoid Pressure vs. Suprasternal Notch Pressure to Occlude the Esophagus (C. Erwin Velbis, Addie Pontiflet, John T. Beeston III, Alasghar Aghdami), 346
12. Comparison of Succinylcholine-Induced Postoperative Myalgia Attenuation With Pretreatment Doses of Vecuronium and Mivacurium Based Upon Ideal Body Weight (Charles H. Moore, John F. McCrory, Regina Fragneto, James P. Embrey), 347
